Chenyang Lu

Department of Electrical Engineering
Eindhoven University of Technology, 5600 MB Eindhoven, the Netherlands
Email: c.lu.2@tue.nl me@chenyanglu.com Mobile: (+31) 630 684 967, (+86) 158 6885 2008

Education

Eindhoven University of Technology, Eindhoven, the Netherlands 03/2018-Present

Ph.D. in Computer Vision and Perception

Eindhoven University of Technology, Eindhoven, the Netherlands 09/2016-03/2018

M.S. in Control System Technology GPA: 8.96/10.00

- Granted ALSP/HS scholarship (fully-funded)
- Cum Laude (highest in The Netherlands)
- 3+2 Excellent Program with Zhejiang University

Zhejiang University, Zhejiang, China 09/2013-06/2017

B.S. in Mechatronics Engineering GPA: 3.92/4.00

- Mixed Honors Class in Chu Kochen Honors College
- Top 3.5% out of 188 students in Mixed Honors Class
- Top 2% out of 79 students in Mechatronics Engineering

Publications

1. Chenyang Lu, Gijs Dubbelman. **Hallucinating Beyond Observation: Learning to Complete the Road Layout with Partial Observation and Unpaired Prior Knowledge.** Under review, 2019.

2. Chenyang Lu, Marinus Jacobus Gerardus van de Molengraft, Gijs Dubbelman. **Monocular Semantic Occupancy Grid Mapping with Convolutional Variational Encoder-Decoder Networks.** IEEE Robotics and Automation Letters, 2019.

Project Experience

03/2018-Present Sensing, Mapping, and Localization (Project i-CAVE)

- Funded by Netherlands Organization for Scientific Research (NWO)

08/2017-03/2018 Semantic Occupancy Grid Map Generation for Autonomous Vehicles with Deep Learning

- Master Thesis in Mobile Perception Systems Group, TU/e

01/2017-06/2017	Object Recognition and Positioning with the Kinect Camera for Robocup Middle Size League • Internship at Robocup MSL team, Robotics Lab, TU/e

Skills

C/C++, Python, MATLAB, LaTeX

OpenCV, Tensorflow, PyTorch

Certified Self-Paced Courses

Probabilistic Graphical Models Specialization

Deep Learning Specialization

Algorithms Specialization

Robotics: Estimation and Learning

Awards, Scholarship, Achievements

2018	Cum Laude (MSc Degree)
2016	ALSP/HS Scholarship from TU/e and Dutch Ministry of Education, Culture, and Science
2016	Festo (China) Scholarship for Undergraduate Students
2015	Second Prize in the National Mechanics Competition
2015	First Class Scholarship for Outstanding Merits (Top 3% in Zhejiang Univ.)
2015	Liebherr (China) Scholarship for Undergraduate Students
2014	Second Prize in Physics Innovation Contest in Zhejiang Province
2014	First Class Scholarship for Outstanding Merits (Top 3% in Zhejiang Univ.)
